OUR BRANDS AND GUARANTEES

Made for the Trade, the Sealey brand is defined by traditional designs and proven workshop reliability. Our core range, trusted for over 40 years, is one of the UK's market leaders in tools and equipment.

Manufactured from the highest quality materials to exacting standards for a long and durable life, our Premier range delivers exceptional performance at a competitive price.

Offering you impressive reliability with exceptional value for money. Our Siegen range is backed up with the same professional aftersales service as the Sealey and Premier ranges.

LONG-TERM GUARANTEES*

At Sealey we have some of the best guarantees* in the business. All Premier and Siegen Hand Tools are covered by our no-quibble lifetime guarantee* against manufacturing defects, with many other products benefiting from our 2, 3 or 5 Year guarantees* where indicated on the product in the catalogue and on our website.

Please see www.sealey.co.uk/guarantee for more information, terms and exclusions. To make a claim on your guarantee, simply return your product to the place of purchase along with your sales receipt.

LIFETIME
GUARANTEE*

2 YEAR

GUARANTEE*

3 YEAR

GUARANTEE*

5 YEAR

GUARANTEE*

Our no quibble guarantee covers individual items within sets. Excludes TRX-Star T40 bits, breaker bar knuckles, drill bits, cutting blades and taps and dies. Repair kits will be sent out for most ratchet wrenches. Please refer to www.sealey.co.uk/guarantee for more information on guarantees.

MR1® Dimensions

The MR1 is designed
to be used in standard
single sized garages.
It is important that you
check the size of your
vehicle and garage
before purchase.

- Compact, convenient and innovative 3tonne (pair) rated car ramps (maximum single axle weight of 1800kg), supplied with four stands and removable lifting beam, capable of raising a vehicle completely off the ground giving a clear workspace between vehicle and floor.
- Designed so the track width can be adjusted to fit various makes and model of cars with maximum tyre width of 380mm.
- Excellent for general servicing, exhaust work repairing damaged jacking points, sills, floor panels and undersealing.
- Will fit within confined areas such as garages and workshops.
- Safe and efficient operation, gives a clear workspace between the raised vehicle and floor.
- Requires a jack with a maximum saddle height of 100mm and maximum jacking height of 435mm to lift its jacking beam to a position where its stands can be inserted.
- Maximum jack pad diameter of Ø120mm.
- **Model No. MR1**

450KG SINGLE POST HYDRAULIC MOTORCYCLE LIFT

- Space-saving design maximizes the space in the garage or workshop.
- Two locking positions for supporting the motorcycle over extended periods on the lift.
- With this lift it is possible to remove both wheels, front forks, steering assembly, rear swing arm and suspension units as well as the engine.
- Benefits from being portable and can be used anywhere with a hard level floor, thus making this suitable for mobile motorcycle mechanics.
- Ideal for use with the Sealey range of wheel chocks to assist supporting the motorcycle, whilst adjusting the frame supports and securing to the lift.
- Min./Max. Lift Height (without Frame Supports): 65/740mm.
- Min./Max. Lift Height (with Frame Supports): 165/840mm.
- Frame Height: 920mm.
- Maximum Frame Width: 980mm.
- **Model No. MCL500**
- RS Price €562.45

680KG AIR/HYDRAULIC MOTORCYCLE LIFT

- Min./Max. Height: 190/790mm.
- Width: 710mm.
- Length: 2000mm.
- All steel construction.
- Combined air and foot pump separate from main lift for choice of operation.
- Air Consumption 7.06cfm.
- Ramp and platform made with chequer plate surface to ease loading and positioning of mini tractor.
- Overrun guard at front of platform and safety lock to prevent accidental lowering.
- Suitable for use with centre stand motorcycles or with paddock stand.
- **Model No. MC680A**
- RS Price €2,062.45
